Summary

Objective

I am currently seeking a Software Developer role. I have experience as a Junior Software Developer with multiple certifications. These certifications include a Full Stack Developer Certificate from Vanderbilt University Coding Bootcamp. I am currently finishing up my newest portfolio that is created with React and NextJS.

Experience

Web Developer

Freelance (Self employed)

Jul 2022 - Present (11 months)

I am taking on local businesses that lack efficient and creative websites. I focus mainly on using React | NextJS for powerful SEOs with SSR capabilities. My main focus is on the Client and their needs. I meet with them, take stock of their ideas, and offer my input as to how to take those ideas to the next level. I provide a full, detailed description of my plan for them in layman's terms.

Junior Software Engineer

Coroutine

Sep 2022 - Nov 2022 (3 months)

My role as Junior Software Engineer had me paired with the CTO working in Ruby on Rails, React JS, HTML, and JavaScript. The work environment was based on Agile Methodologies. The majority of my duties were focused on automating Meta Data in to the AARP website. Other projects were: The integration of OHIF Image Viewer into a React 18 CSR interface, and The development of an internal chat application using Ruby on Rails, Stimulus, and Hotwire, and Turbo.

Education

Vanderbilt University Boot Camps

Web Development Certification, Full Stack

2021 - 2022

Completed the full six month program to obtain a certification in full stack web development. Completed quarterly projects, 21 Code Challenges, all while working both, solo and in teams.

Zero To Mastery Academy

Certification, Complete React JS with Redux, Hooks and GraphQL 2023

2023 - 2023

Built E-commerce full stack application using: Redux, Redux Thunk, Redux Saga, Hooks, Styled Components, Suspense, Lazy, React Router, GraphQL, ContextAPI, Stripe, and Firebase. Testing with Jest

Testing your application with Jest. Set up authentication and user accounts

Using the latest ES6/ES7/ES8/ES9/ES10 JavaScript to write clean code.
